

# Get #christmascrafted with Vision Direct

## What you need to do to enter our competition:

1. Print out this page and cut your templates out with scissors.
2. Place the tree shapes on any part of your Vision Direct box (or any other box you have) and draw around them to create the 2 halves which will form your crafty Christmas tree.
3. Make sure you cut each piece down the middle following the dotted lines in the template, so you can join the two halves and create a tree that will stand strong.
4. Now the real fun begins! Whether it's glitter, colouring in, gluing decorations on, or whatever else your imagination suggests, create a crafted tree that stands out from the crowd!
5. Share to enter the competition! Take pictures of your Christmassy creation and share them on social media. Just make sure you use hashtags [#christmascrafted](#) and [#visiondirectuk](#) and mention us on Facebook, Twitter or Instagram - or all of them.

T&Cs can be found on the page announcing the competition:  
[visiondirect.co.uk/christmascrafted](https://www.visiondirect.co.uk/christmascrafted)

Happy crafting and good luck!
